January 2026

To whom it may concern,

Harry Miller Middle School has an active and full athletics program. The School runs several sports throughout the year, competing against local teams from our area and branching out at times to teams from other locations in the province.

We are seeking sponsorship from the community to continue the process of updating uniforms for our athletes. As a sponsor your contribution will not only help support the team, but it will also provide valuable exposure for your company in a community of families through our messaging and athletics social media.

We hope that you will consider this opportunity to support our school athletics program, and should you wish to participate, please reach out to myself at cheryl.throop@bed.nb.ca.

Kind regards,

Cheryl Throop
HMMS Athletics Director
